DEAR FRIEND OF RW,

On behalf of Rejuvenating Women, we are so grateful you are supporting our mission and the ongoing commitment by so many to end human trafficking in our community.

This year we've been able to accomplish so many good things. On a weekly basis we receive referrals from both in-state and out-of-state agencies. As we've grown our administrative team we decided to open an office on 90th street for all admin and meeting needs. We are happy to have room to spread out!

RESIDENT UPDATE

We provide unconditional love and compassion for each survivor regardless of race or religious beliefs. Encourage survivors to attend support groups, addiction groups, DBT, prayer, Bible studies, crisis intervention services, and other special activities throughout their stay. Meet the needs of survivors with ongoing therapy by trained counselors and social workers. This includes a Trauma Focused Cognitive Behavioral Therapy program with a ten-step process. This leads each survivor to a place where she can verbalize her abuse and find emotional healing. Provide access through our partners in the community for free legal, tattoo removal and cover-up services for those in the Restored Wings program. Residents and day program participants benefit from life-skill classes focused on health and wellness. We help integrate survivors into a loving, safe community of support that provides assistance while addressing pressing legal, medical, and emotional needs. Rejuvenating Women works with other organizations to help recover survivors from situations and to find a temporary safe place to stay if needed until a long-term solution is found whether at our Restored Wings home or with another organization. We do what is best for her, not ourselves. Along with our program, we offer staff coordination and attendance at all medical, dental, vision,, and psychiatric appointments, tattoo branding removal, equine therapy, and other services- **all free of charge to the women in our program.**

ABOUT RW

REJUVENATING WOMEN IS A NONPROFIT ORGANIZATION PROVIDING HOPE AND RESTORATION TO THOSE ENSLAVED BY HUMAN TRAFFICKING

We raise awareness and train on human trafficking in Nebraska at conferences, churches, community events, colleges, and universities. Through education, we can take steps toward prevention. We advocate for victims rights and speak on behalf of survivors in the legislature and before the judiciary committee. We offer support to local and state law enforcement and associated government agencies. We are committed to creating an environment where sex trafficking no longer occurs. We walk beside our survivors of human sex trafficking, loving them exactly where they are in life while helping restore their physical, emotional, and spiritual health. With vocational training, education, and redemption support, we assist them in regaining their independent lives. We protect survivors of sex trafficking by providing a safe and compassionate environment in which they can heal. Our short and long-term Restored Wings program allows survivors a 5,500 square foot home in which to live and receive free services to help them regain their lives.

OUR MISSION

To provide hope and restoration to victims and survivors of human trafficking.

OUR VISION

Empowering survivors to lead healthy and independent lives.

RESIDENT STORY

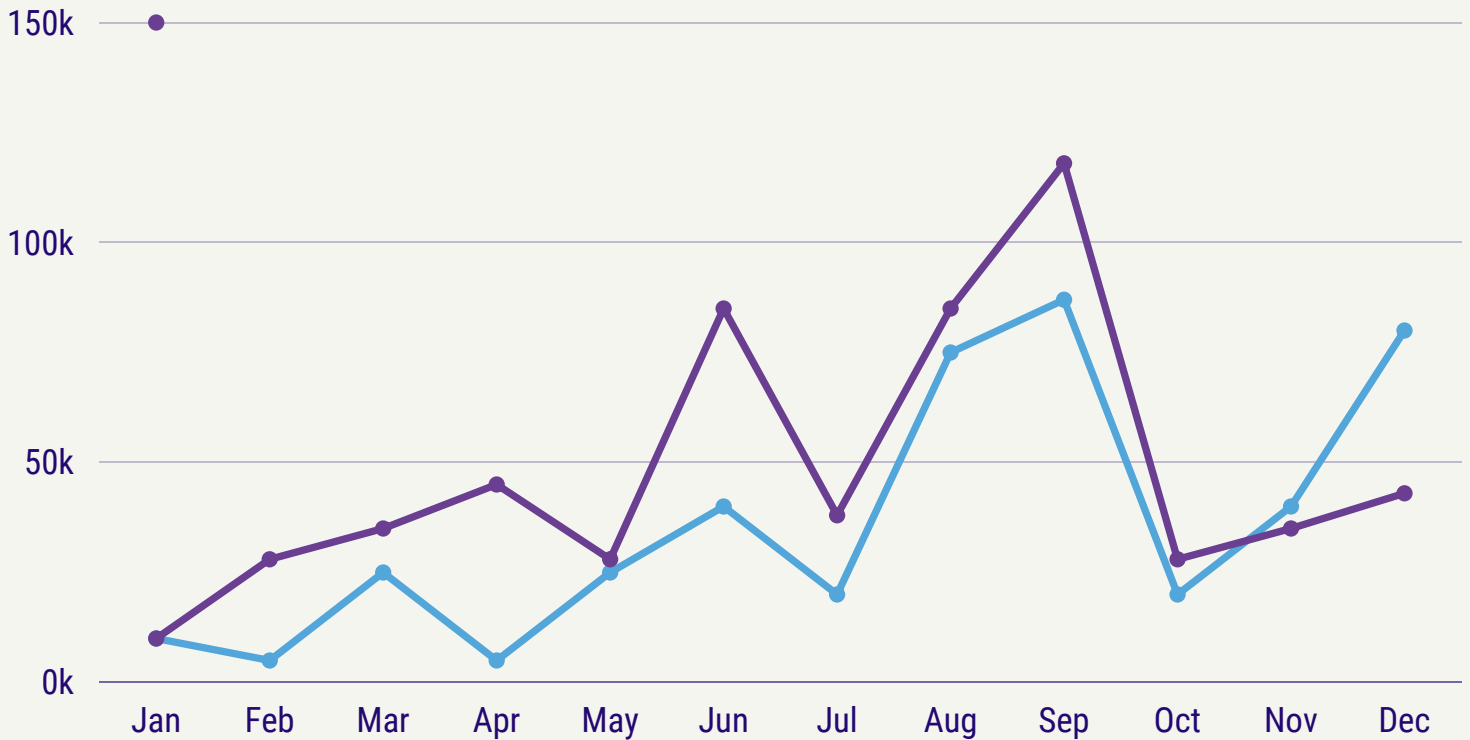

***“Whoever tries to keep their life will lose it,
and whoever loses their life will preserve it”
~ Luke 17:33***

“I had been taken to many different locations under the power and control of human traffickers, little did I know the painful reality was it was the results of my mother’s greed. I finally decided I no longer wanted to do drugs, suddenly I wanted to plot my escape once and for all. I made a run for it, I ran and ran until I came to a pancake restaurant where two police officers sat. I went to the ER and then MIRACULOUSLY got onto a plane to Rejuvenating Women with no I.D. arriving with only one outfit and small bag from the hospital. That’s a small part of the story of how God saved me and RW is a miracle that God sent me. I no longer am sleeping outside and strung out on drugs, I no longer have to stay awake and be scared of getting kidnapped and I am no longer being sold for unwanted sexual favors! RW reflects God’s character, and I am BEYOND blessed. Praise God.”

~RW Resident 10/31/21
